

# Small mill big results

## Mia Mola: my mill.

Grind your daily grains effortlessly – with no electricity at all. The specially shaped, very smooth-running millstones achieve an amazingly high speed of rotation. That means you can turn the handle with a minimum of force.

# Well designed and strong

## Beautifully high quality

Thanks to the smooth-running grinding mechanism and high-quality ball-bearing mounted stone axle, the handle turns easily. Mounted on slide bearings and ergonomically designed, the knob fits well in your hand. The hopper is easy to fill.

## So easy / So elegant

The conical grinding mechanism made of natural materials centres itself and doesn't need cleaning after use.

## Sustainable throughout

The beech wood we use comes from domestic managed forests. The surface is waxed and polished to a silky sheen.

## Firmly fixed

With the two sturdy clamps included, you can fix the mill securely onto table or counter tops up to 5 cm thick.

## Quality you can rely on.

This mill was developed and manufactured at Kornkraft in Saarland, Germany. We provide a no-quibble guarantee for everything that leaves our door.

**Suitable grains:** All types of grains including corn, although not popcorn.  
Oilseeds only when mixed with cereal.

**Grain fineness:** Steplessly adjustable, from muesli to flour.  
Optimal adjustment with setting scale.

**Handle:** Millstone axis ball-bearing mounted, handle knob slide-bearing mounted (for easy movement and no maintenance).

**Millstone:** Naxos-basalt, bound in magnesite.

**Capacity:** Muesli coarse grains approx. 100 g/minute  
Fine flour approx. 50 g/minute (for wheat)

**Filling quantity:** approx. 350 g

**Housing:** Solid beech from domestic, certified managed forestry (FSC and PEFC)

**Surface:** Treated with Auro beeswax balm.

**Handle knob:** 5 cm diameter

**Height:** 31.5 cm including handle

**Width:** 15 cm (24 cm with handle)

**Depth:** 19 cm

**Handle turning radius:** 16 cm

**Handle knob:** 5 cm diameter

**Weight:** approx. 1.8 kg with clamps 2.1 kg

**Accessories:** Two sturdy metal clamps and a glass bowl are included
